

EQUIPMENT - COASTAL WALKS OF CRETE

Weather/Climate in Crete in Spring/Early Summer, and Fall:

In regards to climate, April/May will be a transitional period between the 'rainy season' that commences in November and finishes in May.

We may have an occasional shower (rain of course) and therefore the temperatures could become rather chilly. Otherwise we can expect warm to hot, sunny days. Evenings/nights during the spring months can be cooler.

Transport of luggage:

We will transfer your suitcase duffel throughout the trip, but you may want to leave items not required for our tour in a separate bag/duffel in the hotel in Heraklion, where we will be spending the first and the last night of our trip.

Mandatory equipment:

- ⇒ One pair of sturdy trekking shoes, covering the ankles.
(They will endure tremendous hardships on the razor-sharp limestone. To ensure a proper fit, take the inner sole/foot bed out of your shoe and stand on it. You should have a space of 0,5cm – 1cm from the top of your toes to the top of the sole. If there is less space, your shoes are too small, if there is more space, your shoes are too big. Also make sure that your heel is not too loose in order to avoid blisters.)
- ⇒ One pair of sandals
- ⇒ (Teva brand or similar) for swimming since the sand can get very hot, and for evenings.
- ⇒ 35-litre rucksack.
(Big enough to fit up to 2l of water, bathing costume and towel, waterproof/water resistant jacket, lunch, and miscellaneous items. Please make sure that the pack fits
